

New Product

Harley Davidson Black Edition '17 Milwaukee 8 Pistons

Featuring ArmorX™ coating with ArmorFit™ skirt coating

Features

- ArmorX™ piston coating
- ArmorFit™ skirt coating
- Dome design
- High compression
- Superfinish piston pin
- Enhanced pin oiling
- Augmented ring land details
- Dedicated rings
- Experience

Benefits

- Superior protection in extreme conditions, reduced wear
- Auto-adjusts to cylinder wall, no need to measure clearance
- Smooth, quiet, and trouble free operation
- Improved flame travel to maximize air/ fuel burn efficiency
- 11:1 compression for added power
- Reduced friction, improved scuff resistant
- Improved lubrication and better pin oiling, reduced friction
- Improved ring seal and function
- Precise fit, compression, and oil control
- Over 75 years as the industry leader in forged piston technology

Piston Kit includes piston, rings, pin, and circlips. Retail pricing (USD): Kit: \$410.00

Top End Gasket Kit includes had and base gaskets only. Retail pricing (USD): Kit: \$74.95
